**Weekly Budget Saved:**

₺128 this week ⭐

Provides quick access to core features such as My Profile, Random Recipe, Shopping List, and Community.

Main Menu

Lets users choose between creating a Daily Meal Plan or finding a Single Recipe instantly.

Find Recipe Screen

Find Recipe

How do you want to find your recipe?

By Budget
Enter your spending range (฿)
Leads to Budget Finder → Results

By Ingredients
Pick what you already have
Links to Emir's ingredient screen

Allows users to search recipes by budget or available ingredients for convenience.

Ingredient Input Screen
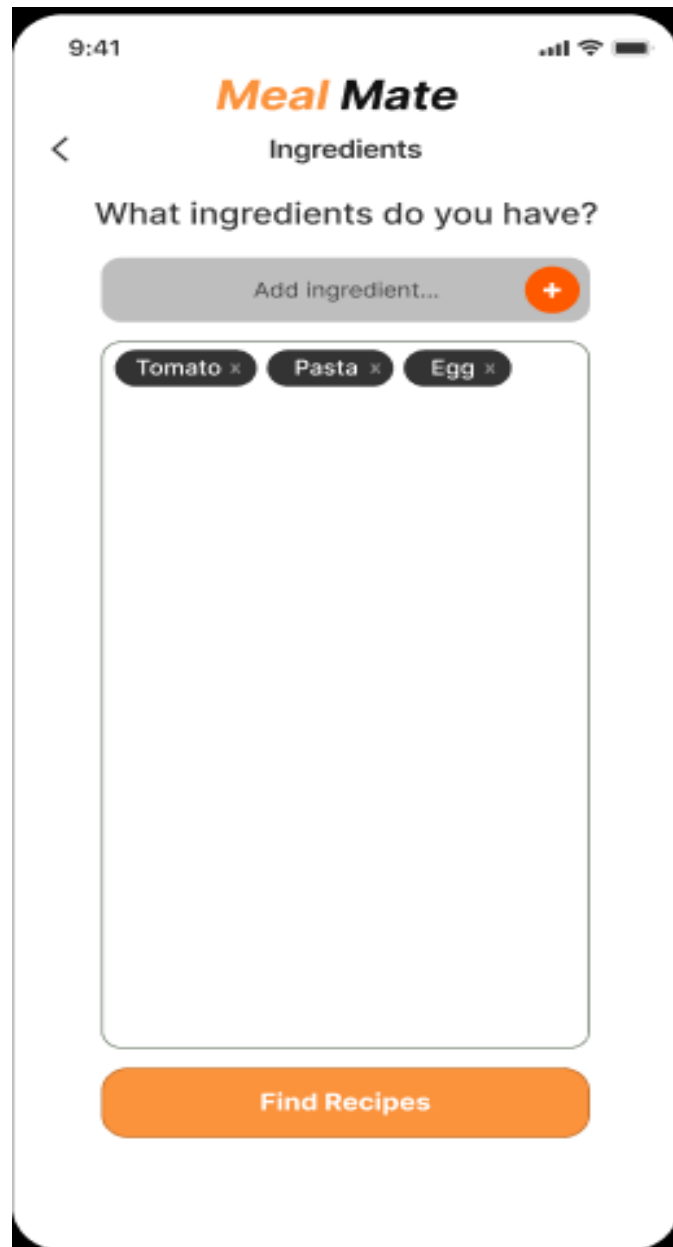

Users can input ingredients they have, and the app suggests matching recipes.

Recipe Results Screen

Displays recipe options filtered by price, time, or calories with easy navigation.

## Upload Recipe Screen

Enables users to share their own recipes by entering ingredients, steps, and cost.
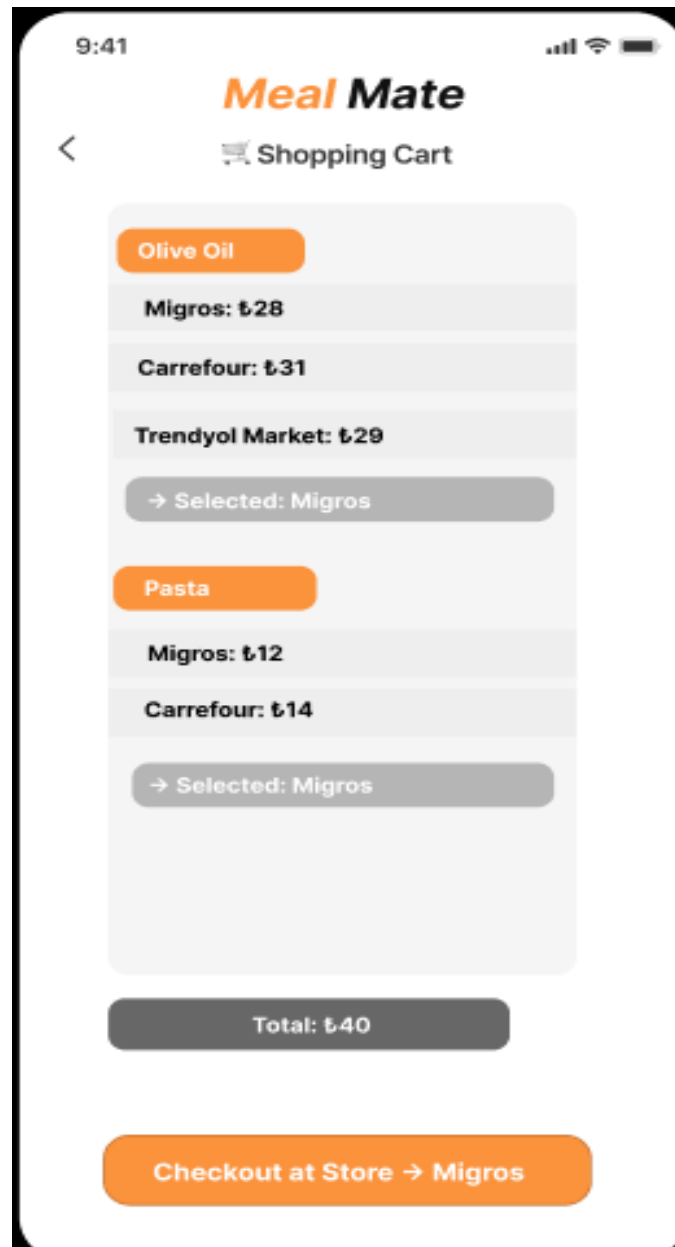

Profile Screen

Shows user statistics like saved money and uploaded recipes; includes settings and logout.

Recipe Info Screen

Provides detailed recipe steps, ingredients, and options to add missing items to cart.
